The Cam^ee On Sewerage presented the following report, to wit:

Your Cam^ee is unable to form a final conclusion upon the plans presented. While they can see the possible feasibility of the plans presented by Fancon & Marshall, the territory covered by said plans appears to be limited, and proper provision has not been shown for an extension of the system to meet the future growth of the City. The plans presented by the City engineer are more extensive, and cover these important points, but they will require a greater expense both for construction and maintenance

Upon these points your Committee had not time to fully agree, and the matter is respy. referred to the Council to consider the difficulties as a committee of the whole.
