

RECURRENT FOOD VENDOR INFORMATION

(Swap Meets and Outdoor Markets)

Applications and fees must be submitted at the One Stop Shop located at 811 Texas Avenue, El Paso, Texas 79901, or at the Health Department, 5115 El Paso Dr., El Paso, Texas, 79905. No person shall operate a food establishment without a valid permit issued by the Department of Public Health and a license issued by the City of El Paso. Recurrent permits are not transferable from person to person or location to location. **NOTE:** Recurrent permits are approved for city-recognized swap meets only and must be located within the city limits of El Paso.

NO FOOD FROM HOME IS ALLOWED IN A RECURRENT FOOD ESTABLISHMENT.

Guidelines

I. FOODHANDING

- A food handler card is required for all employees and at least one person must have a valid food protection management certification when handling exposed foods.
- Food handlers must wear effective hair restraints during food operations.
- Food handlers must remove all jewelry including; rings, watches, earrings, necklaces, bracelets and any other items not necessary to the food operation (exposed food only).
- Food handlers must not eat, drink, chew gum or use tobacco while in the food establishment or while conducting food operations.
- Food handlers must maintain a high degree of personal cleanliness, to include frequent hand washing (hands and arms); at every change of operation, before handling different foods and after using the restroom.
- Only authorized personnel are allowed in the food service areas.

II. FOOD AND FOOD PREPARATION:

- Food is not allowed to be prepared or stored at home or in an unauthorized Central Preparation Facility (CPF). An authorized CPF must be used.
- Time/Temperature control for safety food (TCS) also known as potentially hazardous foods (PHF), must be maintained at an internal temperature of 41°F, or below when cold, or 135°F or above when hot. Food items are to be prepared as close to the time of the event as possible.
- All food items must be from approved sources. Receipts will be checked.
- Food with limited preparation (i.e. hot dogs, pre-packaged frozen hamburger patties, nachos, bratwurst, frying of tortillas/gordita shells/churros) and pre-washed ready-to-eat vegetables may be prepared in the booth. Extensive preparation (i.e. enchilada/taco/ gordita/burrito meats, rice, beans, marinating, etc.) must be prepared in a CPF permitted by the Department

of Public Health. A CPF must have an inspection rating of 85 or better within the past (6) months. A notarized letter from a CPF is required with the application (blank CPF letters may be picked up at the counter). Reheating is the only operation permitted in the booth. Cutting/slicing/mixing of any potentially hazardous foods (PHF) is not allowed.

- Ice used for consumption must be obtained in chipped, crushed, or cubed form and stored in plastic bags filled and sealed at the point of manufacture. The ice shall be stored in these bags until properly dispensed

III. EQUIPMENT:

- Equipment must be located and used in a way that prevents food contamination.
- Cooking Equipment – propane gas or electric units only; i.e. grills, stoves and hot burners.
- Hot holding equipment – propane gas or electric units only; i.e. grills, electric chafing dishes, burners, hot plates, and crock-pots. NOTE: Sterno chafing dishes are not allowed.
- Cold Storage Equipment – refrigerators and freezers are required for storage of TCS foods. Wet storage or regular bagged ice is not allowed.
- Equipment and utensils must be in good repair and capable or being washed, rinsed and sanitized. An adequate number of utensils are required. Food and food contact surfaces of equipment shall be protected from contamination at all times.
- A three compartment sink must be installed with hot (minimum 110°F) and cold running water under pressure to: (1) wash with hot, clean soapy water, (2) rinse with hot, clean water, (3) sanitize with clean water at 50 to 100 parts per million (PPM) chlorine (bleach) and (4) air dry.
- Single service articles must be provided for use by the consumer.
- Potable water must be available at all times during all food service operations for; food preparation, washing, rinsing, and sanitizing of utensils/equipment and a 20 second hand wash (hands and arms).
- A hand-washing lavatory must be installed with hot (minimum 110°F) and cold running water under pressure. Liquid soap and paper towels are required.
- One (1) potable water tank and (2) two-wastewater retention tanks must be installed. The wastewater retention tanks must be twice the size of the potable water tank. Once the first wastewater retention tank gets full, it will be replaced with the second empty tank. The tank that is full will then be emptied through approved methods. All sewage and liquid waste must be disposed of according to law.
- All food items and equipment must be stored 6 inches off the floor.
- Clay, enamelware, copper or galvanized equipment/utensils are not permitted.
- All equipment and utensils must be clean, working properly and in good repair.

IV. BOOTH CONSTRUCTION: (Business name must be displayed.)

Exposed foods:

- Walls and ceiling must be made of canvas, plastic, tarp or wood. Walls shall cover from ceiling to floor on all three sides and the bottom half of the front side. The front side, top half can be screened at 16 mesh per inch. NOTE: Front side top screening is required only when flying insects are problematic. NOTE: Screening at 16 mesh per inch can be used for all walls to aid in ventilation.
- Booths must be on concrete, machine laid asphalt or other non-absorbent surfaces as permitted by the Department of Public Health.
- Entry and exit way must remain closed; full length screen door is recommended.
- Adequate ventilation must be provided; i.e. screening and fans.
- A canopy covering is required.
- Adequate lighting is required within the booth.

V. PERMIT/LICENSE: (Permit shall be posted in a location conspicuous to customers.)

NOTE: Permits are valid for city approved swap meets only.

NOTE: County of El Paso – Recurrent Permits are not allowed in the county.
