

**ALL Dogs Need To Be With The Family.** All dogs are worthy of loving care, regardless of breed or size. Dogs are pack animals, who **always want to be with the family.** They long to be with the humans they've worked so hard to please. Living a life chained by the neck or imprisoned within four tiny walls is truly the **ultimate torture** for a creature so full of life and love. *They are forced to endure a lonely life of pain, sadness, hunger, enduring the cold, heat, boredom, fear and isolation.*

Lying in feces, dragging a chain with every step and forced to stay in a single spot all day - every day. They desperately wait for their human family to come and get them or for someone to stop and say **"NO! THIS IS NOT OK. I Will Help You."** They wait for someone to give them what they need most in the world, **COMPASSION and LOVE.** **Sadly for many this never comes.....**

**TODOS Los Perros Necesitan estar con la Familia:** Todos los perros son dignos de tener su cariño y amor, sin importar el tipo de animal o el tamaño. Los perros son animales sociales, que necesitan la compañía de gente-Usted. **Estar amarrado es cruel para un perro** - Vivir una vida encadenado o encarcelado en un espacio chiquito es cruel y una tortura para un animal. *Es muy cruel tener un perro amarrado - dejandolo vivir una vida estando solo, abandonado, con dolor, tristeza, pasando frio - calor, hambre, sed, miedo y sufriendo del aislamiento de usted.* Es cruel tener un perro jalando una cadena con cada paso y vivir amarrado en un lugar día tras día. ¡Esperando desesperadamente a su familia humana para que lo suelten o que alguien pare y diga **"NO! ESTO NO ESTA BIEN. Yo le ayudaré."** Esperan a que alguien les de lo mejor del mundo, **COMPASIÓN y AMOR.** Tristemente para muchos esto nunca viene.....

Please  
**DO NOT**  
**CHAIN**  
your dog. Your  
dog deserves  
freedom  
without being  
chained.

Porfavor  
**NO** Amarre  
su perro -  
Su perro  
merece tener  
una vida libre  
sin estar  
encadenado!

Your pet looks to you for discipline, exercise and affection. Please give your pet your best—**don't leave them outside—ALONE.** Let them come inside your home with you and spend quality time with you!  
Dogs can become very bored if they are left alone— maybe getting them a companion may be the answer - but **it is cruel to leave your animal outside day in and day out alone with them wanting to be with you!**

### **What YOU Can Do To Make It Better:**

There are Better Choices you can make than chaining your dog. The best option is to bring your dog into your home. If your dog likes to go outside then you **need to put up a tall fence around your yard** so your dog won't jump out - this will give your dog the opportunity to be free and play in the yard. Play with your dog and always provide him with food, clean water and a safe and protective shelter from the heat and cold El Paso weather.

**If your dog is a digger that may be because they are bored or they may be wanting for you to spend time with them. They want to be with the family - their pack!**

Your dog deserves to be in a home where he/she is loved and where they can get the basic necessities:

**Food, Water, Shelter, Shade and Love!**

### **QUE PUEDE HACER USTED PARA MEJORAR LA SITUACION:**

Hay mejores opciones que usted puede hacer en lugar de tener su perro encadenado. **La mejor opción es traer su perro en su hogar.** Si su perro le gusta estar afuera entonces **ponga un CERCO ALTO para que no se pueda salir.** (NO LO AMARRE) - esto le dará a su perro la oportunidad de estar libre y poder jugar en la yarda. **Es muy importante que juegue con su perro y siempre dele alimento, agua limpia y un hogar(casita) segura y amplia que lo proteja del calor y del tiempo frío.**

Su perro merece estar donde le den amor, atención y siempre tener las necesidades básicas:

**Comida, Agua Fresca, Refugio, Sombra y AMOR.**
