REQUIREMENTS REGARDING ON-SITE POSTING OF NOTICE

The El Paso City Code requires on-site posting of notice by an applicant for rezoning, special permit, and zoning condition amendment or release applications involving parcels with one or more acres of land. Such on-site posting of notice shall comply with the following:

1. Location:

On-site posting of notice shall be at locations at the proposed site that face and are clearly visible and legible from each right of way abutting the property subject to signage requirements listed herein. One sign per right-of-way shall be required. However, application areas covering both sides of a right-of-way shall require posting on each side of the right-of-way and otherwise comply with location requirements herein. Required signage shall be affixed to the main structure facing the applicable right of way or shall be free standing. In either case, required signage shall be raised from the ground so that the top of the text portion of the sign is a minimum of five feet above ground level. Approval of proposed sign location(s) by the zoning administrator shall be deemed conclusive as to location requirements.

2. Duration of posting:

Posting shall be continuous, as defined below, until final city council action and shall commence at least fifteen (15) days prior to the date of the first public hearing at the city plan commission. Prior to the city plan commission hearing date, the applicant shall provide a digital or printed picture to the Development Services Department - Planning Division showing that all required signage has been properly placed on the property. Failure to provide such picture proving compliance with signage requirements shall result in postponement of the application until such time as an acceptable picture is received. The applicant shall promptly replace any sign required by this section, which becomes lost, stolen, or vandalized, within five business days following the date of receipt of actual knowledge of same by any employee of the Development Services Department - Planning Division. For purposes of this subsection, an applicant also has actual knowledge that a sign is lost, stolen, or vandalized three days following the date of mailing of a letter addressed and properly mailed to the applicant at the address provided on the application or one day following the date of successful transmission of a facsimile report to a telephone number provided on the application. Any sign required by this provision shall be removed no later than ten (10) days after final action on the application. Posting is continuous so long as lost, stolen, or vandalized signage is replaced within five business days following the date of receipt of actual knowledge. Further, posting is deemed continuous when lost, stolen, or vandalized signage has been replaced two (2) times, even if such signage is not replaced a third time.

3. Size and content:

A sign area with a minimum width of three feet and a minimum height of two feet shall be required. The sign shall provide a caption stating ["Location of Proposed Rezoning. Public Hearings are scheduled. Please call 541-4056"] The caption shall be in black two-inch bolded block lettering and appear on a white background.
