COMMUNITY MEETING

WEDNESDAY, OCTOBER 17, 2018

5:30 PM

DORRIS VAN DOREN REGIONAL LIBRARY

551 E. REDD ROAD

The City of El Paso's Capital Improvement Department, in conjunction with the office of City Representative Peter Svarzbein, District 1, has scheduled an open house preconstruction community meeting to inform members of the public of the Redd Road Median Enhancement project.

The project consists of the installation of landscaping improvements in the medians and parkways of **Redd Road** between **Westwind Drive** and **Helen of Troy Drive**. The landscaping and trees will not only provide shade for pedestrians and bicyclists who utilize the area, but they will also create a safer environment for pedestrians by creating a barrier between the people on the sidewalk and the vehicles on the road.

The project will also help minimize the wash out of the medians during rain events, and promote green infrastructure within city rights-of-way. Other elements for this project include repairs to the existing curb, and installation of median lighting.

This project is part of the City of El Paso's commitment to enhance our comprehensive regional transportation system.
