The City of El Paso's Capital Improvement Department, in conjunction with the office of City Representative Henry Rivera of District 7, has scheduled an open house community meeting to inform members of the public of the **Shawver Park Sports Field Rehabilitation** project.

This existing park located at 8100 Independence Drive will be receiving the following rehabilitation services:

- Rehabilitation of six sports fields including four soccer fields, one softball, and one baseball field
- New fencing which accounts for size regulation standards for sports fields
- Updated irrigation system and landscape improvements to control erosion of the field

This project with an approximate budget of \$1.5 million from the Quality of Life Bond is part of the City of El Paso's commitment to enhance El Paso's Quality of Life through Recreational, Cultural and Educational Environments.
