The 2019 National Community Development (CD) Week is April 22-26. The National CD Week, created by the National Community Development Association, educates the community and Congressional members on the vital impact of the Community Development Block Grant (CDBG) and the HOME Investment Partnerships (HOME) programs have in our communities – funded by the Department of Housing and Urban Development (HUD).

The City of El Paso's Department of Community + Human Development (DCHD) has administered approximately \$400 million in federal, state and local funding over the past 44 years to improve the quality of life for El Paso's residents and neighborhoods. Please join us as we celebrate the 2019 CD Week in El Paso.
