District 7

Lily Limón

District 8

Chris Canales

1. **What type of geotechnical/material testing services are to be required. Can you please be specific or go into further detail?**

Yes, requirements are provided in Section II – Scope of Services of the RFQ. For further details please reference in the project specifications that can be accessed through the Sean Haggerty Drive Extension - Solicitation.pdf link in the same section.

2. **Are ASTM standards or TxDOT standards to be used?**

Answer: Standards to be used are stated in Section II – Scope of Services of the RFQ and reference in the project specifications that can be accessed through the Sean Haggerty Drive Extension - Solicitation.pdf link on the same section.

3. **Are plans/drawing to be provided for this project?**

Project plans can be found by selecting the link provided in Section I – Project Description of the RFQ. Link: Sean Haggerty Drive Extension - Solicitation.pdf

4. **Is there a schedule that can be provided?**

Yes, the tentative schedule is provided in Section VI – Selection Process and Schedule of the RFQ.

5. **On Page 6: “Firm must be TxDOT recertified to perform material testing.” Does this requirement refer solely to having certified personnel listed and current in our CCIS profile to perform the TxDOT work categories outlined in Section 12? Or does it also mean that the firm must be administratively prequalified with TxDOT? Additionally, could you please clarify which specific work categories require personnel certification?**

Firms must be currently listed within the TxDOT CCIS Precertification.

Yvette Hernandez, P.E., – City Engineer

- 6. The RFQ states that the minimum font size is 11 pt. Would the City consider allowing a smaller font size for graphics, including the organization chart?**

All responses to the criteria must be at least size 11 font. Smaller font may be used for non-criteria text such as project name on a photo, text on graphic, etc.
