WHEREAS, the City of El Paso is home to four international ports of entry between Texas and Mexico; and

WHEREAS, at times during the pendency of Emergency Ordinance No. 019333, border officials have barricaded and closed down the Paso del Norte bridge due to a breach of public safety involving hundreds of migrants present on the bridge attributed to rumors about the relaxation of immigration restrictions circulated on social media sites, which has caused significant delays at the international ports-of-entry involving trade; and

WHEREAS, the encampment of large groups of migrants on City rights of way, parks and other City property at one point led to street closures and cessation of the streetcar service and reassignment of City staff required to ensure safety and sanitary conditions in that area; and

WHEREAS, when the CBP Central Processing Center is over capacity and the NGO space is unavailable, that is when the potential for street releases arises; and

WHEREAS, the release of mass groups of people without access to potable water, food, or shelter exposes the migrants and El Paso residents to the origination and spread of potential and actual disease; and

WHEREAS, there are significant public safety and security concerns related to the waves of migration, including but not limited to the risk of injury or loss of life with migrants in El Paso streets with little or no resources on days that reach hot or cold temperatures and the inherent risks that come with increased demand on local shelters; and

WHEREAS, for these reasons, the City is faced with the imminent threat of widespread injury or loss of life resulting from a surge in transient migrants traveling to the region; and

WHEREAS, there is the potential for loss of property for both residents and migrants due to those who would take financial advantage of these waves of migrants; and
