# City Council Awards Sean Haggerty Drive Extension Project Contract

## Construction Work is Vital Transportation Link for Northeast

**EL PASO, Texas**—Today, El Paso City Council awarded the construction contract for the Sean Haggerty Drive Extension project to Jordan Foster Construction, LLC.

The approximate \$26 million street connectivity project is an important missing link in far Northeast El Paso's transportation network. The extension will stretch along Sean Haggerty Dr. from Nathan Bay Dr. to Dyer St. to improve traffic flow in the area for all roadway users.

The highly anticipated street extension project, includes the construction of a new four-lane bridge, roadway approaches, pedestrian/bicycle accommodations, decorative street lighting, illumination, a canopy bridge structure, and drainage structures.

The project combines all of the components which are essential in creating a "Complete Street" such the construction of an asphalt roadway, the addition of bike lanes, ADA compliant sidewalks, landscaping, street trees with their own irrigation system, and dark sky complaint street lighting. By providing all of these amenities, this project will create a space that is accessible to all forms of transportation including bike and pedestrians, and will benefit residents, business owners and our entire community.

Construction is expected to start in the spring of 2025, and is part of the City of El Paso's commitment to enhance El Paso's comprehensive regional transportation system.
