Notes to the Schedule of Expenditures of Federal and State Awards Year Ended August 31, 2016

Notes to Schedule

- 1. The accompanying schedule of expenditures of federal and state awards include the federal and state award activity of the City of El Paso, Texas (City) under programs of the federal and state government for the year ended August 31, 2016. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State of Texas Uniform Grant Management Standards issued by the Texas Comptroller of Public Accounts. Because the schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the City.
- 2. Expenditures reported on the schedules of expenditures of federal and state awards are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, the cost principles in OMB A-87, Cost Principles for State, Local, and Indian Tribal Governments, the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, or the cost principles contained in the State of Texas Uniform Grant Management Standards (UGMS), wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on these schedules represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The City has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
- 3. The federal loan programs listed subsequently are administered directly by the City, and balances and transactions relating to these programs are included in the City's basic financial statements. Loans outstanding at the beginning of the year are not included in the federal expenditures presented in the schedule, since there are no continuing compliance requirements other than required loan payments. New loans made during the year are included in the federal expenditures presented in the schedule. The balance of loans outstanding at August 31, 2016, consists of:

CFDA Number	Program Name	F	Balance at sust 31, 2016
14.218	Community Development Block Grants/Entitlement Grants	\$	10,352,099
14.239	HOME Investment Partnerships Program		43,539,175
14.244	Empowerment Zones Program		2,633,203
	Total revolving loans	\$	56,524,477

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards

The Honorable Mayor and Members of the City Council City of El Paso, Texas El Paso, Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the businesstype activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of El Paso, Texas (City), as of and for the year ended August 31, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated February 28, 2017, which contained an Emphasis of Matter paragraph regarding a change in accounting principle and contained a reference to the report of other auditors. Our report includes a reference to other auditors who audited the financial statements of the El Paso Water Utilities Public Service Board, a discretely presented component unit of the City, and the El Paso City Firemen and Policemen's Pension Fund, a pension trust fund included in the aggregate remaining fund information, as described in our report on the City's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the El Paso Firemen and Policemen's Pension Fund, a pension trust fund included in the aggregating remaining fund information, were not audited in accordance Government Auditing Standards.

Internal Control Over Financial Reporting

Management of the City is responsible for establishing and maintaining effective internal control over financial reporting (internal control). In planning and performing our audit of the financial statements, we considered the City's internal control to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

The Honorable Mayor and Members of the City Council City of El Paso, Texas Page 9

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the City's management in a separate letter dated February 28, 2017.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal and State Program; Report on Internal Control Over Compliance

Independent Auditor's Report

The Honorable Mayor and Members of the City Council City of El Paso, Texas El Paso, Texas

Report on Compliance for Each Major Federal and State Program

We have audited the City of El Paso, Texas's (City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and State of Texas *Uniform Grant Management Standards* that could have a direct and material effect on each of the City's major federal and state programs for the year ended August 31, 2016. The City's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The City's basic financial statements include the operations of the El Paso Water Utilities Public Service Board (EPWU), a discretely presented component unit of the City, which received less than \$750,000 in federal and state awards for the year ended February 28, 2016, which are not included in the schedule during the year ended August 31, 2016. Our audit, described below, did not include the operations of the EPWU because the component unit did not require an audit in accordance with the Uniform Guidance or the State of Texas Uniform Grant Management Standards.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, contracts and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance); and the State of Texas Uniform Grant Management Standards, issued by the Texas Comptroller of Public Accounts. Those standards, the Uniform Guidance and the State of Texas Uniform Grant Management Standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

The Honorable Mayor and Members of the City Council City of El Paso, Texas Page 11

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination on the City's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2016.

Report on Internal Control Over Compliance

Management of the City is s responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the State of Texas *Uniform Grant Management Standards*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the State of Texas *Uniform Grant Management Standards*. Accordingly, this report is not suitable for any other purpose.

BKD,LLP

Dallas, Texas

May 3, 2017 for federal awards and February 28, 2018 for state awards

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance and Schedule of Expenditures of State Awards Required by the State of Texas Uniform Grant Management Standards

Independent Auditor's Report

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of El Paso, Texas as of and for the year ended August 31, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated February 28, 2017, which contained an unmodified opinion on those financial statements, an Emphasis of Matter paragraph regarding a change in accounting principle, and a reference to the reports of other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by the Uniform Guidance and the State of Texas Uniform Grant Management Standards and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Summary Schedule of Prior Audit Findings Year Ended August 31, 2016

Reference Number	Summary of Finding	Status
2015-001	Criteria or Specific Requirement: Management is responsible for the timely preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP.)	Resolved
	Condition The City's year-end closing procedures were not adequately performed.	
2015-002	Criteria or Specific Requirement: In accordance with the OMB 2015 Compliance Supplement, City management is required to establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. HOME-assisted units in a rental housing project must be occupied only by households that are eligible as low-income families and must meet certain limits on the rents that can be charged.	Resolved
	Condition The City's internal controls and policies established surrounding HOME-assisted rental housing projects tenant eligibly require the City to monitor HOME-assisted properties to ensure that they comply with the HOME eligibly requirements that apply throughout the period of affordability. Of the eight housing projects selected for testing, the City did not verify eligibility information for three housing projects within the past fiscal year. In addition, the City did not maintain and was unable to provide the tenant application files for one housing project, and therefore we were unable to verify the tenants' eligibility and rent being charged to the tenant.	

Summary Schedule of Prior Audit Findings (Continued) Year Ended August 31, 2016

Reference Number	Summary of Finding	Status
2015-003	Criteria or Specific Requirement: The Code of Federal Regulations (24 CFR sections 92.209(i), 92.251(f), and 92.504(d)) requires that during the period of affordability for HOME assisted rental housing, the participating jurisdiction (i.e., the City) must perform on-site inspections of HOME assisted rental housing to determine compliance with the property standards of §92.251 and to verify the information submitted by the owners in accordance with the requirements of §92.252. The on-site inspections must occur within 12 months after project completion and at least once every three years thereafter during the period of affordability.	Resolved
	Condition Of the nine housing projects selected for testing, the City did not perform inspections of units as required on four housing projects during fiscal year 2015. In addition, the City did not have adequate internal controls or procedures in place to ensure compliance relating to housing quality standards. Audit procedures performed to ensure the propriety of the City's Housing Quality Standards inspection tracking document revealed multiple instances in which the tracking spreadsheet did not project the correct "Next Inspection Due" date.
