Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Honorable Mayor and Members of the City Council City of El Paso, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of El Paso, Texas (the City), as of and for the year ended August 31, 2021 and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated February 22, 2022. Our report includes a reference to other auditors who audited the financial statements of El Paso Water Utilities Public Service Board, a discretely presented component unit of the City, and City of El Paso Employees Retirement Trust, a pension trust fund included in the aggregate remaining fund information, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report of Independent Auditors on Compliance for Each Major Federal and State Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal and State Awards Required by the Uniform Guidance and the State of Texas Uniform Grant Management Standards

The Honorable Mayor and Members of the City Council City of El Paso, Texas

Report on Compliance for Each Major Federal and State Program

We have audited City of El Paso, Texas's (the City's) compliance with the types of compliance requirements described in the OMB Compliance Supplement and the State of Texas Uniform Grant Management Standards that could have a direct and material effect on each of the City's major federal and state programs for the year ended August 31, 2021. The City's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The City's basic financial statements include the operations of the El Paso Water Utilities Public Service Board (EPWU), a discretely presented component unit of the City, which received \$3,310,590 in federal awards for the year ended February 28, 2021, which are not included in the schedule of expenditures of federal and state awards during the year ended August 31, 2021. Our audit, described below, did not include the operations of EPWU because the component unit engaged other auditors to perform an audit in accordance with the Uniform Guidance.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the State of Texas Uniform Grant Management Standards, issued by the Texas Comptroller of Public Accountants. Those standards, the Uniform Guidance and the State of Texas Uniform Grant Management Standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2021.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the State of Texas Uniform Grant Management Standards, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the State of Texas Uniform Grant Management Standards. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal and State Awards Required by the Uniform Guidance and the State of Texas Uniform Grant Management Standards

We have audited the financial statements of the City as of and for the year ended August 31, 2021 and have issued our report thereon dated February 22, 2022 which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by the Uniform Guidance and the State of Texas Uniform Grant Management Standards and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated in all material respects in relation to the financial statements as a whole.

City of El Paso, Texas Notes to Schedule of Expenditures of Federal and State Awards

Note 1 - Presentation Scope

The accompanying schedule of expenditures of federal and state awards (the Schedule or SEFA) includes the federal and state award activity of City of El Paso, Texas (the City) under programs of the federal and state government for the year ended August 31, 2021. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the State of Texas Uniform Grant Management Standards issued by the Texas Comptroller of Public Accounts. Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the City.

Note 2 - Basis of Accounting

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, or the cost principles contained in the State of Texas Uniform Grant Management Standards, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Note 3 - Indirect Cost Rate

The City has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance. The City performs an annual indirect cost rate study for purposes of federal allocation costs.

Note 4 - Provider Relief Fund Expenditures Included in Schedule

The Executive Office of the President's Office of Management and Budget (OMB) released the 2020 Compliance Supplement Amendment (the Supplement) during December 2020 in response to the federal funding provided to Tribal, State, and Local Governments due to the COVID-19 pandemic. The Supplement provided guidance for programs with expenditures of COVID-19 related awards. The Provider Relief Fund assistance under ALN #93.498 was not included in the fiscal 2020 Single Audit in accordance with the Supplement. The City has included aid totaling \$216,108 in the Schedule that was received during fiscal 2020 from the Department of Health and Human Services for healthcare-related expenses attributable to COVID-19.

City of El Paso, Texas Notes to Schedule of Expenditures of Federal and State Awards

Note 5 - Community Development Block Grants Section 108 Loan Program

The federal loan programs listed subsequently are administered directly by the City and balances and transactions relating to these programs are included in the City's basic financial statements. Loans outstanding at the beginning of the year are not included in the federal expenditures presented in the schedule. New loans made during the year are included in the federal expenditures presented in the Schedule. The balance of loans outstanding as of August 31, 2021 consists of the following:

Assistance Listing Number	Program Name	August 31, 2021
		 10.000.000
14.218	Community Development Block	\$ 10,929,866
	Grants/Entitlement Grants	
14.239	HOME Investment Partnerships Program	 55,117,482
		\$ 66,047,348

Note 6 - HOME Program Income

The total program income generated for this program in fiscal 2021 was \$2,565,528. Program income is the amount related to the HUD revolving loans fund for principal and interest payments. During fiscal 2021, the total expenditures related to this program were \$1,994,727. As a result, our total expenditures for the program will reflect as zero in SEFA given that the program income generated offset to all of the expenditures during the year.
