### District 5

Isabel Salcido

### District 6

Claudia L. Rodriguez

### District 7

Henry Rivera

### District 8

Cissy Lizarraga

## CITY MANAGER

Tommy Gonzalez

## MINIMUM HEALTH GUIDELINES & PROTOCOLS

### COVID-19 Safety Actions:

1. Individuals and Coaches should use a face mask when not playing, including being on the bench, in the dugout, etc. and may only remove the face mask when actively engaged in the sport and playing.
2. Leagues and teams should develop, train and implement a plan for all coaches and players to follow all city, county, and state orders and guidelines on appropriate cleaning and disinfection, hand hygiene, social distancing, signs and symptoms of COVID-19, handling of face coverings, and respiratory etiquette.
3. Individuals aged 65 or older, and those with serious underlying medical conditions are advised that they are at a higher risk of COVID-19 infection and should not be exposed.

### Health Protocols for Participants:

1. Develop and implement a Health Screening Protocol in which coaches and athletes answer a series of questions assessing health status of players and coaches before practices and games. Those who are ill are not allowed to practice or play.
2. Players and Coaches who have tested positive or live with someone who tested positive within 10 days are not allowed to come to practice or play.
3. Develop and implement a Program Activity Hygiene Plan to include:
  - a. Sanitization of equipment before and after use
  - b. Hand washing or hand sanitizing before and after activities

### COVID-19 Protocols for one parent/guardian allowed per player (NO SPECTATORS ALLOWED):

1. Parents/guardians who are sick, have tested positive for COVID-19 or live in a household with someone who recently tested positive within 10 days are not allowed to bring any players or out in the fields.
2. Individuals should avoid being in a group larger than 10 individuals. Within these groups, individuals should, to the extent possible, minimize in-person contact with others not in the individual's household. Minimizing in-person contact includes maintaining 6 feet of separation from individuals.
3. When maintaining 6 feet of separation is not feasible, other methods should be utilized to slow the spread of COVID-19, such as wearing a face covering or mask, washing or sanitizing hand frequently, and avoiding sharing utensils or other common objects.
4. When allowed and consistent with current city, county and state orders, all spectators should wear face covering (over the nose and mouth).

### Ben Fyffe – Director
