

After Hours Construction/Grading Permit Application

City Code Section 18.02.105.20.1 authorizes issuance of permits for extended construction after the established construction hours. In the City of El Paso the established construction hours are from Monday through Saturday from six (6) am to ten (10) pm.

Conditions upon Approval

- A. This is a temporary that may be immediately revoked if reasonable accommodation is not made to minimize neighborhood/resident disruption.
- B. If a term longer than one year is required to complete work, the applicant may request renewal of this permit once upon the payment of the established fee.
- C. This application shall be accompanied by a listing of the applicable addresses and persons that occupy property within 300 feet of the construction site. Permit holder shall agree to notify said applicants with a completed notification form as provided by the permit official.
- D. Notification shall also be posted on the construction site and shall indicate a contact name and phone number of the property owner or his authorized agent.
- E. A site plan must accompany this permit application indicating where the notification sign will be posted at the job site.

APPLICATION INFORMATION

In the space provided below please provide a written rationale detailing the reason for the request:

Project Name: _____ Applicant Name: _____
