

# Preparingtexas.org Registration Instructions

## Radiation Preparedness Training Sessions

1. Right click on [www.preparingtexas.org](http://www.preparingtexas.org) and click on the Open Hyperlink to create a TDEM preparingtexas.org account if you do not have one. Once on the site, click on "Create Account" on the top left or above the LOGIN on the top right and follow the instructions. There can be anywhere from a 1 to 24 hours turnaround between registering with the site and being able to register for a class. Only the information in **bold** is required information when creating your account. You will need your username and password when you sign up for the courses.
2. Right click on the following links and you can login and register for the Radiation Preparedness Training Sessions scheduled for the week of July 12, 2017. It will display the correct address and date.

Note: Your Prepairintexas.org username and password will be your official logins for other courses you choose to take through preparingtexas.org. You can play around with the websites and see all that is available. A lot of the courses are online and are interesting. I hope this makes the whole registration process a lot easier and once set up; you won't have to do this again.
