CITY MANAGER

The City of El Paso is proud to announce the First Annual El Paso Procurement Forecast. This Forecast is in alignment with the City of El Paso's Strategic Goal 1 Cultivate an Environment Conducive to Strong, Sustainable Economic Development and Goal 6 Set the Standard for Sound Governance and Fiscal Management.

The Annual Procurement Forecast will highlight, by quarter, the upcoming City of El Paso projects that businesses will be able to bid on for Fiscal Year 2022. This forecast includes over 100 upcoming opportunities and we anticipate adding more.

This Forecast is important given the fact that we need to help our community (residents and businesses) recover from the impacts of COVID-19. That means we must continue our momentum of investing in streets, public safety, health, parks, libraries, and arts & culture facilities. Our hope is that with this Annual Forecast, we will provide additional time for businesses to learn, prepare, and plan to bid on the City's upcoming contracting opportunities. This speaks to transparency and openness for our business community.

We often receive questions from businesses about services we will need and how to bid on some of these projects. We have listened to the voice of our businesses and have seen time and time again that this type of initiative is a best business practice by other progressive cities. This will provide an opportunity for small businesses to partner up with large businesses and bid on City contracts that they might not have otherwise participated in.

Local companies doing business with the City of El Paso are an integral part of delivering and creating employment opportunities for our local residents and growing the overall business ecosystem that supports a vibrant regional economy, safe and beautiful neighborhoods and exceptional recreational, cultural and educational opportunities.

We would like to thank you in advance for reviewing this buying plan. Your feedback is important as we continue to improve it. Please provide your feedback to this buying plan.
