The City of El Paso and the El Paso Fire Department invite the public to celebrate the completion of renovations at Fire Station No. 14, located at 6300 Delta Drive in the Mission Valley.

The \$1.2 million investment strengthens fire protection and emergency response services for the surrounding community. The project was funded through the 2019 Public Safety Bond Program, approved by voters, and managed by the City's Capital Improvement Department.

Key improvements to the station include:

- Renovations to both the interior and exterior of the facility
- Upgraded HVAC, electrical, and plumbing systems
- Site enhancements including parking lot improvements, landscaping, and new fencing
- Installation of new bay doors for emergency vehicles

The City and the El Paso Fire Department thank the community for its continued support in advancing public safety infrastructure and ensuring first responders have the tools they need to protect and serve El Paso residents.
