City of El Paso to Commemorate National Professional Engineers Day

WHO: The City of El Paso
WHAT: National Professional Engineers Day Event
WHEN: Noon, Wednesday, August 6, 2025
WHERE: Mexican American Cultural Center
201 E. Franklin Ave.

The City of El Paso's Capital Improvement Department, in conjunction with the Canutillo Independent School District, will celebrate National Professional Engineers Day at the Mexican American Cultural Center.

National Professional Engineers Day is celebrated across the United States on Wednesday, August 6, to honor licensed professional engineers and their contributions to society.

To commemorate the day, the City of El Paso will host 100 students from the Canutillo Independent School District for an immersive experience that highlights the importance of education and introduces students to the dynamic world of engineering. A hands-on exhibit sponsored by La Nube Children's Museum will serve as the centerpiece of the event.

During the event, City of El Paso engineering staff will provide students with insight into the scientific and mathematical principles that make the exhibit function.

The celebration will also include food, refreshments, and free giveaways generously provided by local restaurant sponsors, giving students and City engineers an opportunity to share a meal and connect.

This event reflects the City of El Paso's ongoing commitment to enhancing quality of life through educational, cultural, and recreational initiatives.
