City to Host Groundbreaking Ceremony for Sean Haggerty Dr. Extension Project

New Connection to Enhance Mobility in Northeast El Paso

WHO: The City of El Paso Capital Improvement Department

WHAT: Sean Haggerty Dr. Extension Project Groundbreaking

WHEN: 11 a.m. Thursday, September 11, 2025

WHERE: Intersection of Sean Haggerty Drive & Elise Street

The City of El Paso Capital Improvement Department will host a groundbreaking ceremony for the highly-anticipated Sean Haggerty Drive Extension project, a critical transportation link that will improve regional mobility, safety, and connectivity in Northeast El Paso.

“This project is more than a state-of-the-art overpass improving connectivity from U.S. 54 to Dyer. It is an investment in safety, mobility, and quality of life for Northeast El Paso and the entire region,” said Deputy City Manager Yvette Hernandez, P.E.

The project will extend Sean Haggerty Drive from Nathan Bay Drive to Dyer Street, creating a continuous route for motorists, pedestrians, and cyclists. This major infrastructure investment includes:

- Construction of a new four-lane bridge and roadway approaches
- Bicycle lanes and ADA-compliant sidewalks
- A canopy bridge structure with decorative and dark sky-compliant lighting
- Drainage structures
- Street trees with their own irrigation system
- Other amenities designed to meet the City’s “Complete Street” standards, ensuring safe and accessible travel for all modes of transportation

With an approximate budget of \$34 million, the project will deliver modern infrastructure that supports the needs of residents, businesses, and visitors while enhancing the region’s comprehensive transportation system.
