City of El Paso Parks and Recreation Launches Community Survey to Shape the Future Master Plan

EL PASO, Texas—The City of El Paso Parks and Recreation Department invites the community to participate in a new Parks and Recreation Master Plan Survey to help shape the future of parks, services, and recreation opportunities throughout the City.

The Master Plan will serve as a roadmap for the next decade, guiding priorities, investments, and improvements to better serve residents of all ages and interests. The department encourages all El Pasoans to take a few minutes to complete the online survey and share their ideas, experiences, and vision for the city's parks and recreation system.

“Community feedback is essential in helping us plan for the future,” said El Paso Parks and Recreation Director, Pablo Caballero. “This survey gives residents a voice in determining how we can continue to provide high-quality spaces, programs, and experiences that improve the quality of life in El Paso.”

The survey, available in both English and Spanish, asks residents to share what they love most about local parks and recreation programs, what areas could be improved, and what new opportunities they would like to see in the future.

Results from the survey will be used to help guide the creation of the Parks and Recreation Master Plan, which will include strategies to enhance facilities, programs, parks, trails and trailheads, and accessibility across the city.

Residents can complete the survey by visiting:

<https://us.maptionnaire.com/q/elpasoparksmasterplan>.
