El Paso Fire Department Honors International Women's Month with All-Female Crew

WHAT: All-Female Crew for International Women's Day

WHEN: Sunday, March 1, 2026

WHERE: Fire Station 19, 2405 McRae Blvd.

PHOTO OP: 9 to 11 a.m.

In recognition of International Women's Month, the El Paso Fire Department (EPFD) will staff an all-female crew on a fire apparatus for a full operational shift. The initiative celebrates the strength, professionalism, and dedication of women who serve the borderland community.

By featuring an all-female team, the department is shining a light on the critical role women play in the fire service and reinforcing the department's commitment to inclusion and equal opportunity in public safety. Women across EPFD serve in a wide range of roles and are vital to the department's readiness, innovation, and community-focused service.

"This all-female crew represents the trailblazing women who have paved the way in a historically male-dominated profession," said Fire Chief Jonathan Killings. "Their leadership, resilience, and dedication to service strengthen our department and serve as an inspiration for future generations of firefighters."

EPFD hopes this visibility during International Women's Month encourages young women and girls to consider careers in the fire service and other public safety professions.
