El Paso Fire Department Named One of America's Top 100 Public Fleets

EL PASO, Texas—The El Paso Fire Department (EPFD) has been nationally recognized as one of the Top 100 Best Public Fleets by the National Association of Fleet Administrators (NAFA), an honor that reflects the department's continued commitment to innovation, operational excellence, and emergency readiness.

EPFD's Fleet Division plays a critical role in ensuring firefighters have reliable vehicles and equipment when every second matters. Responding to more than 100,000 emergencies each year, the department relies on strategic planning, modern fleet management, and efficient purchasing practices to reduce vehicle age, improve reliability, and minimize downtime. Those efforts help keep emergency response units ready for both routine calls and large-scale incidents.

"This recognition is a testament to the dedication and hard work of our team," said Fire Chief Jonathan Killings. "Our firefighters and fleet staff work every day to keep our community safe, and this award reflects their commitment to excellence."

This marks the fifth consecutive year that EPFD has been named among the nation's top public fleets, underscoring the department's sustained focus on leadership, innovation, and accountability in public safety operations.
