City of El Paso Among Top 50 Green Fleets in North America

EL PASO, Texas—The City of El Paso has been named one of the Top 50 Green Fleets by the NAFA Fleet Management Association (NAFA), the largest membership organization for vehicle fleet professionals in North America.

Ranked 48th on the list as part of NAFA's 2024 Green Fleet Awards, El Paso's fleet is recognized for its efforts to reduce environmental impact by implementing sustainable vehicle management solutions.

"This Green Fleet recognition shows the City of El Paso is making strides in reducing the environmental impact of vehicles by promoting sustainability within our own fleet," said Ellen Smyth, El Paso's Chief Transit and Field Operations Officer.

About the Green Fleet Awards

The awards are open to both government and commercial fleets, and underscore the importance of innovative approaches to fleet sustainability across North America.

For more information on the Green Fleet Awards and the full list of this year's winners, please visit <https://www.nafa.org/awards/green-fleet-awards/green-fleet-awards-2024/>.
