EL PASO, Texas — Special Traffic Investigators continue to investigate last night's pedestrian collision. At about 11:03 pm, 36-year-old Trevino was driving east, passing Transmountain on Interstate 10, when he noticed an individual walking in the roadway. The preliminary investigation revealed Trevino swerved into the next lane to avoid hitting the pedestrian; however, the trailer portion of the semi struck the 44-year-old male. Mr. Trevino pulled off of the roadway and notified the police. The pedestrian was transported to University Medical Center by Fire Medical Services with life-threatening injuries. The investigation continues.
