EL PASO, Texas — The Special Traffic Investigations Unit investigated a traffic crash where a motorcyclist and passenger were taken to a local hospital. The initial investigation revealed that Barker was northbound on Airway when he veered off the roadway hitting the curb. The motorcycle continued over a sidewalk into a parking lot and finally struck the Dodge Charger exiting the parking lot. The driver and the passenger of the car were uninjured. Both driver and passenger who were not wearing helmets at the time of the crash were transported to a local hospital by Fire Medical Services. The motorcycle operator sustained severe head injuries, and his passenger received minor head injuries. Alcohol is believed to be a contributing factor in the collision. However, toxicology results are pending, and the investigation continues.
