**EL PASO, Texas** — At 3:31 A.M., El Paso Police Officers responded to a 911 call of a fight with weapons. The original comments of the call stated that the suspects had knives, and later witnesses heard possible shots fired. The preliminary investigation found that a 23-year old Hispanic male became involved in a fight with three men. The 23-year old ran into the Denny's Restaurant for help. Shortly after, three Hispanic men entered the restaurant and chased the 23-year old outside. While the 23-year old and the other men were outside, witnesses reported hearing what sounded like gunfire. The three men and the 23-year old fled the area. The Officers searched the area and located the 23-year old who had injuries related to being in a fight. No shooting victim was located, and at this time it is unclear if shots were actually fired. The 23-year old was uncooperative with Officers and did not want to file charges related to the fight.
