El Paso, Texas – On May 9th, 2022, officers from the Westside Regional Command responded to the intersection of Resler and Escondido in reference to a crash. The investigation revealed the victim, an off-duty police officer, was driving her vehicle northbound on Resler when a truck, driven by Shaughn Gonzalez, failed to yield the right of way at Escondido causing the officer to collide with Shaughn's truck. Both vehicles were disabled as a result of the collision. The officer and Shaughn were waiting for a patrol officer to respond at which point Shaughn and his mother, Josephine Gonzalez Rosales, assaulted the officer. The mother and son then attempted to tackle the officer to the floor but the officer was assisted by the Fire Department who intervened to stop the assault.

During the assault, Shaughn held a knife in his hand and displayed it in a threatening manner toward the officer. Both subjects fled the scene before patrol officers arrived. A short time later, Josephine returned to the scene and was arrested. Shaughn was arrested the day after the assault. Both subjects have since been released from the El Paso County Detention Facility.
