EL PASO, Texas— On 09-26-2025, at approximately 1:30 am, police responded to a semi tractor crash on I-10 East at the Spur 1966 bridge. The Special Traffic Investigations unit was contacted to take over the investigation. The preliminary investigation revealed Mumin was traveling east on I-10 when, for unknown reasons, he drifted into the right shoulder, striking a guardrail. The semi-tractor then collided with a cement pillar of the Spur 1966 bridge overpass. The driver was transported to a local hospital; unfortunately, he passed from his injuries at the hospital.

Investigators continue to investigate this crash. This is the 45th traffic fatality compared to 50 at the same time last year.
