The City of El Paso's Capital Improvement Department, in conjunction with the office of City Representative Alexsandra Annelo of District 2, has scheduled an open house community meeting to inform members of the public of the El Paso Police Department Parking Improvements project.

This existing facility located at 911 N. Raynor Street will be receiving the following rehabilitation services:

- Removal of the existing parking garage and replacements with a ground level parking lot which was chosen based on life cycle studies
- An evaluation is being conducted separately to determine a master plan for the El Paso Police Department, which includes current and future facilities

This project with an approximate budget of \$2.1 million is part of the City of El Paso's commitment to enhance El Paso's Quality of Life through Recreational, Cultural and Educational Environments.
