## **2019 Great American Cleanup**

Environmental Services Invites Residents to Participate in National Cleanup

**EL PASO, Texas** – The City of El Paso Environmental Services Department (ESD) along with various El Paso neighborhood associations and volunteers will come together from 7:30 a.m. to noon on Saturday, March 23 to participate in the Great American Clean Up.

The public is invited to join in the community beautification effort. There will be various cleanup sites located throughout El Paso, and roll-off trash containers will be placed at more than 20 locations to make it easy for citizens to dispose of extra household trash and large or bulky items such as mattresses, furniture or yard waste.

Cleanup locations are available at [www.elpasotexas.gov/environmental-services](http://www.elpasotexas.gov/environmental-services) or by calling 3-1-1.

This national event, developed by Keep America Beautiful, is the country's largest organized cleanup, beautification, and community improvement program. An estimated 20,000 communities will participate nationwide.

Roll-off dumpsters will **NOT** be accepting the following items: tires, household hazardous waste materials (paint, motor oil, and chemicals), E-waste (cell phones, appliances, computers, etc.), and batteries of any kind. Residents can dispose of these materials by taking them to any Citizen Collection Station (CCS) located throughout the city. CCS visitors will need to present a recent water bill and matching I.D.

For more information on how you can take part of this clean up or for CCS locations please visit [www.elpasotexas.gov/environmental-services](http://www.elpasotexas.gov/environmental-services) or call 915-212-6000 or dial 311.
