Receive medicine for chronic conditions without first having to meet your deductible

Chronic medicine treats ongoing conditions such as high blood pressure, high cholesterol, diabetes, asthma or depression. Your plan includes a special feature that can help you manage the cost of the medicine you need.

We understand how important it is to take the medicine your doctor prescribes. The Aetna chronic medications feature makes it easier for you to do that.

Health benefits and health insurance plans are offered, administered and/or underwritten by Aetna Health Inc., Aetna Health Insurance Company of New York, Aetna Health Insurance Company Aetna HealthAssurance Pennsylvania Inc. and/or Aetna Life Insurance Company (Aetna). In Florida, by Aetna Health Inc. and/or Aetna Life Insurance Company. In Utah and Wyoming by Aetna Health of Utah Inc. and Aetna Life Insurance Company. In Maryland, by Aetna Health Inc., 151 Farmington Avenue, Hartford, CT 06156. Each insurer has sole financial responsibility for its own products.

Chronic medications will not be applied to your deductible. Your only cost will be your copayment or coinsurance.
